In light of reports that ICE is conducting raids throughout Southern California (including Van Nuys, Downey, Norwalk, Oxnard, San Bernardino, and Santa Paula), we are sending the attached statement to you all. We do not have any additional information right now, but when we do, we will notify you.

We know this is a frightening and uncertain time, and we continue to be available to support you and your campus communities. Please don't hesitate to contact the Center Attorney or Fellow assigned to your campus if you have any specific questions or concerns.

Family Educational and Privacy Act (FERPA) protects student records

Recently there has been a decline in Dream Act applications. "Applications for the California DREAM Act have plummeted by 64 percent in the 2017-2018 school year" ([college green light](#)).

Although there are concerns about immigration reform by the Trump

administration, we want to remind students that under FERPA student privacy is protected. So we encourage students to continue applying for the California Dream Act. You can learn more about [FERPA here](#).
